

ELEGANT LIGHTING *for* EVERYDAY LIVING

 **GOLDEN**
LIGHTING

2020 SUPPLEMENT

Welcome!

Golden Lighting is committed to our journey of becoming your premier choice for residential lighting. We are excited to have you browsing the pages of this book.

This supplement was created to be used in conjunction with the 2019-2020 catalog. Brand new collections and a host of new options for old favorites are included. Enjoy!

We hope you will be inspired and join us on social.

How to Use this Supplement

Options, options and more OPTIONS!

Each fixture has a table showing specifications and available options. Items with multiple options have a finish code box at the end of the item number. To create the item you want to order, fill in the box with the code for the desired finish.

Measuring Our Products

About Dimensions

Product measurements do not include chain, rod, cable, or canopy. Some fixtures may have shades or options that may also change their overall dimensions. For these items, please refer to our website for additional information.

Measuring is essential to achieving the perfect fit. Measure your space to help determine the ideal fixture size. The American Lighting Association recommends:

Placing Pendants Above a Kitchen Island

- Use one pendant for every 24" of counter space
- Use an odd number of pendants to create visual balance
- Hang pendants 30" above the countertop

Placing a Chandelier Above a Table

- Use a fixture that is 12" narrower than the width of the table
- Hang a fixture 30" above the table

Need additional chain or rods? Our chandeliers and pendants include 6 feet of chain or 3.5 feet of rod [(1) 6" rod + (3) 12" rods]. Contact our customer service team for more.
