6 Light Chandelier

A modern twist to a classic silhouette, Weaver is an updated traditional design. Suspended from chain and narrow rods, layered steel rings mimic the twigs of a bird's nest. Burrowed in the modern, overlapping branches, perch stately candles with flat, round accents. The smooth, matte black finish complements a variety of decors. A seamless addition to casual and more refined rooms, this versatile series works well in transitional to contemporary homes. Hang over a table or in a bedroom.
