1 Light Wall Sconce

Clean and sleek with a classic black and white aesthetic, the Neela sconce is suitable for transitional to modern interiors. The fixture has a simple, modern form and is composed of mixed materials. The roundness of the conical opal shade is echoed by a circular backplate. The grainy, modern black wooden backplate holds a steel arm and glass shade. Approved for damp locations, the light may be mounted anywhere in the home and positioned with the glass facing up or down.
